PETITION to withdraw holding of abandonment

Dear Mr. Commissioner,

I kindly ask You to withdraw holding of abandonment of the patent application 09/509,377 according to the 37 CFR 1.181(a).

I contend that the application is not in fact abandoned, as the deadline for reply (July 28, 2005) on the Notice of non-compliant amendment from June 28, 2005 would have been reseted in accordance with my petition from August 2, 2005.

Here are the arguments for the appropriateness of this statement.

1. The Notice of non-compliant amendment bearing a date of **June 28, 2005** was received on **July 30, 2005**, that is **2 days later (!) than the proper deadline**. The date of July 30, 2005 is proved by the stamp of State Postage of Latvian Republic on the envelope (see Enclosure 1); a date and a stamp of the United States Postage on this envelope are absent.

Thus there are no objective proofs that said Notice of non-compliant amendment was sent on June 28. According to the stamp of State Postage of Latvian Republic and the present practice (the letters from the USPTO to Latvia enters for about 10 days), the Notice was sent about July 20, 2005. The legal experts affirms, that dispatch of a letter is evidenced by a postal stamp.

2. On **July 20, 2005** there was sent the e-mail to Examiner Mr. Leubecker (see Enclosure 2) with a question when the next Office Action could be expected. On **July 27, 2005** Mr. Leubecker replied: *"the Notice of non-compliant amendment was sent on June 28, 2005"* (see Enclosure 3).
3. On **July 28, 2005** I have notified the USPTO (see Enclosure 4), that the letter from June 28, 2005 was not received.
4. On **August 2, 2005** there was sent in the USPTO the Petition (see Enclosure 5) to reset the period for reply. No any reply follows it.
5. On **August 5, 2005**, that is 5 days after the date of receipt of the Notice of non-compliant amendment, there was sent my reply on it. The entire delay from the date of deadline was 7 days.
6. On **February 27, 2006**, having not received a reply on my letter from August 5, 2005 I called Mr. Leubecker, but he was not aware about the state of affairs of the application. In the e-mail from

March 1, 2006 (see Enclosure 6) Mr. Leubecker informed me that the case is under review of the Special Programs Examiner.

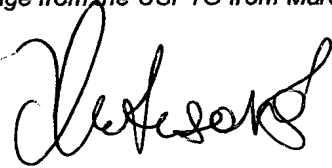

7. On **March 22, 2006** I have received the Notice of Abandonment with indication that the review of application was abandoned on **December 28, 2005**.

I hope on the objective consideration of these facts, as well as on Yours understanding of the situation and help. Please, have in view that I am the independent inventor from Latvia with a pension of less than 100 USD. In this connection I could not command the services of patent attorney.

Dear Mr. Leubecker,

On April 14, 2005 we have submitted the corrected listing of claims in reply to the Notice of Non-compliant amendment from March 18, 2005.

In connection with bad work of Latvian post services we kindly ask You to inform us:

- whether there were any others Office observations after March 18, 2005, and
- the supposed date of the following Office Action.

Kindly Yours,

Dr. Sergey Matasov

Dear Mrs. Dvorak,

In the course of the phone conversation of July 29, 2005 You have informed, that according to Your data, the Notice of Non-Compliant Amendment was sent on June 28th, 2005. However, the investigation of its envelope (see the enclosure) gives another information:

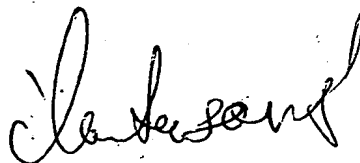

- o the stamp of the United States Postage and the date of mailing of the letter is absent,
- o the stamp of the State Latvia Post shows the receipt date of July 30th, 2005.

The absence on the envelope of the stamp of the United States Postage gives the basis to surmise that the Notice of Non-Compliant Amendment was sent from the USA about July 20th, 2005. The term of 10 days is an average term of delivery of correspondence in Riga.

However that may be, but there is no our fault in the infringement of the time period for filing a reply to this notice. In this connection we kindly ask You to extend the term for reply without any sanctions.

Enclosure: copies of the sides of envelope on 2 pages.

Faithfully Yours,
Dr. Sergey Matasov

Mr. Matasov,

An inquiry has been recently made regarding your application. A Special Programs Examiner (SPRE) is currently reviewing the details of the case. Until a decision is made by the SPRE, I am unable to examine the application. When a decision is made (and I am pushing hard for them to make one soon), I will notify you via email.
